Try This If You
Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

MEMBERSHIP
CAMPAIGN OF
TRADE BOARD

Is the Subject of an Interesting
Article by G. W. Dudderar,
Secretary-Treasurer.

(By G. W. Dudderar.)

Let's do it like they do it in the West, yes, and in the East, too. Word just came to us from Tacoma, Wash., where they are now well along with the membership campaign. In February they had reached 2,350 and expect to have a membership of 3,000 by April 1. Tacoma has about 90,000 population. Charleston, S. C., with a white population of about 30,000 a few months ago finished a campaign, securing over 1,000 memberships. Washington, Pa., nearly two years ago secured a re-pledged membership of about 500. All of these campaigns were conducted by a corps of membership experts who were well paid and it was undoubtedly a paying proposition. Since the campaign, over four years ago, and despite the very material results accomplished by the board of trade, especially during the last two years, our membership has dropped off to a little better than half the above figures, and to meet this emergency and place our city where it belongs and where we can compete with any city in the county in the commercial and industrial game, a membership campaign will be launched next week. Ten prominent business men have agreed to line up ten teams for a three-day canvass, beginning Wednesday, March 15 and it is expected that every business and professional man and property owner in Clarksburg will be seen and invited to join the board of trade.

Let's organize for prosperity. The far West gives the East a tip. Portland, Ore., is leading a movement that might well be followed here. All over that state the cities are organizing for prosperity.

It is not simply whooping it up for prosperity, it is not shouting and putting on appearances of conditions that do not exist, it is this: Every business man, every producer, every trader, every organization, private or municipal, every resident is being urged to do his utmost to make the things hum.

It is an organized movement to speed up. That's the way to prosperity from the soil, from the mines, from the factories and from the stores. It's the direct opposite to sit down and waiting waiting for things to come our way. It's getting up and going after prosperity. Let's develop that spirit here. Let's reorganize for prosperity.

near Victoria also were received.

Soldiers and citizens divided attention to the vigil along the boundary with the work of clearing yesterday's battlefield of Mexican dead.

Carranza authorities, according to official reports from Juarez, will not object to the entry of American troops into Mexico to attack Villa.

Messages have been received here stating that Carranza cavalry had left Guzman to attack the bandit chief in the rear with the expectation that American troops, whom they already supposed had crossed the border, would attack him.

GENERAL VILLA MUST BE
CAUGHT AT ANY COST

(BY ASSOCIATED PRESS)

WASHINGTON, March 10.—It was decided at today's cabinet meeting that Villa and his bandits must be caught even if American troops have to go after them.

Formal announcement of orders for a punitive expedition of American troops to go after Villa is expected later in the day.

Secretary Baker left the cabinet meeting early and hurried over to the war department. It was believed he went to send orders to the troops on the border.

As the members of the cabinet came out all expressed deep satisfaction with the decision reached at the cabinet meeting. One member indicated definitely that American troops would be sent into Mexico. As Secretary Lansing left the cabinet meeting he indicated further representations, probably giving notice of the decision, would be sent to the Carranza government immediately.

A statement is being prepared at the White House and will be issued later in the day.

ROBBED

say, Lawson said he had the \$1,000 in his two hip pockets as the officers say they did not see the color of the money.

Ald Sought.

Marion Boone's arrest came about as the result of information lodged with the sheriff by June Powell. The latter said that Boone approached him Thursday night and asked his aid in "rolling" young Lawson, who was said to have a big sum of money on his person. Powell declined, according to his tale to the sheriff, saying humorously that while he might be pretty onery he hadn't got that money.

Have Served Time.

Young Boone is the same fellow, according to the authorities, who was heralded in police circles as being the leader of a band of boy bandits here about. He served a sentence of one month in the county jail some time ago for highway robbery and also served half a year in the Western jail for carrying a gun. He is a brother of George Boone, who was shot a few days ago in Kansas City, Mo., by a Baltimore and Ohio railroad detective and who is now in a hospital there.

Roy also served a sentence in the Harrison county jail not long ago for bootlegging. He was once fined by

THE VALUE OF TRUTH

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.

Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are untarnished, unexaggerated truths about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from harmful drugs—a whole-some food-tonic, truthfully advertised.

BRUTAL WRIST
SLAP WILL BE
GIVEN MANLEY

By the United States Postoffice
Department for His Mis-
conduct in Office.

(SPECIAL TO THE TELEGRAM)

WASHINGTON, March 10.—Postmaster Charles E. Manley, of Fairmont, against whom charges were preferred through Congressman Sutherland is to be reprimanded on one of the thirty-three charges preferred, according to information sent to Mr. Sutherland by Daniel C. Roper, first assistant postmaster general. The letter says, in part, "I wish to advise you that the charges against Manley have been thoroughly investigated by two post-office inspectors who have submitted a report which concludes as follows: 'We recommend that a letter be sent to Charles E. Manley admonishing him against his conduct of improper correspondence with Miss Hunsaker, during his incumbency as postmaster, and that this case be closed without further action.' The report of the inspectors has been carefully reviewed by the department and their recommendation approved. A letter of admonition has accordingly been addressed to the postmaster."

Commenting on this finding Mr. Sutherland said that it amounted to a very brutal slap on the wrist, for the Fairmont postmaster. He said that that expressed, as best he could express it, the disgust he felt. The charges against Manley were preferred by thirty-three employees of the Fairmont postoffice, who simultaneously with their filing, resigned their positions.
